 19 Barton Creek Street, Belmopan City, Belize

## EDUCATION

BSc. in Natural Resource Management

**University of Belize**

 2012 – 2014

 Belmopan, Belize

## TECHNICAL SKILLS

- Proficient in R programming language and R Studio for data visualization, manipulation and spatial data analysis;
- Working knowledge of writing and reading Python Scripts;
- Geographic Information Systems: ArcMap 10.8, ArcGIS Pro 3.0, QGIS 3+;
- Spatial Database Management: PostgreSQL database with PostGIS extension;
- GeoServer Deployment: Open Source GeoServer deployed with Apache Tomcat on Apache Web Server;
- Geovisualization and geocommunication with WebGIS: ArcGIS Online for Organization, Portal for ArcGIS, PostGIS-GeoServer-Leaflet Web Application, Mapstore2 Web Application;
- Environmental Education Advocacy and Outreach.

## SOFT SKILLS

Organizational Skills Time Management

Team Player Leadership Skills Quick Learner

Problem Solving Skills

## PROFESSIONAL DEVELOPMENT

- Caribbean Geospatial Webinar – End User Training, Facilitated by the Caribbean Community Climate Change Centre and Caribbean Development Bank, September 2021.
- Advance Spatial Data Analysis Using ArcGIS, Facilitated by the Belize National Spatial Data

## WORK EXPERIENCE

Geographic Information System Assistant  
**Systems Development and Data Processing**  
**Statistical Institute of Belize**

 September 2022 - Present  Belmopan, Belize

- Supervise the GIS Technician.
- Administer and maintain spatial databases on PostgreSQL database with PostGIS extension.
- Administer and maintain web applications on free and open-source software for geospatial (FOSS4G): GeoServer/Mapstore2.
- Administer and maintain web applications on commercial off-the-self (COTS) software: ArcGIS Portal and ArcGIS Server.
- Developed and implemented an Enterprise GIS infrastructure exclusively with free and open-source software for geospatial: QGIS and PostGIS.
- Automate tasks and generate web services using R programming language.
- Provide training and support to the GIS Unit and other departments at the SIB.

Geographic Information System Technician  
**Systems Development and Data Processing**  
**Statistical Institute of Belize**

 2018 – September 2022  Belmopan, Belize

- Heads-up digitizes building footprints in ArcGIS suite of products and QGIS from Google Earth Pro and Environmental Systems Research Institute's World Imagery, Bing Maps, Open Street Maps, Satellite for Observation of Earth 7.
- Provide both digital web maps and hard copy maps for different departments at the Statistical Institute upon request.
- Perform Earth Observation Remote Sensing Techniques to detect changes in urban areas.
- Process aerial photos from drone imagery in QGIS and ArcGIS Pro.
- Assist with the preparation of Enumeration District Maps for the 2022 Population and Housing Census.

Infrastructure, Ministry of Natural Resources and Total Business Solutions Ltd, October 2018.

- Creative Communications Training, Facilitated by ArcCorps, May 2015.
- Leadership Training for Social and Environmental Justice, Facilitated by the Belize Institute of Environmental Law and Policy, August 2014.
